

## **Top 10 Things Jewelry Solutions can do for you...**

1. Reduction of buy in. You receive a program with samples that would cost up to \$200,000 if you would have to buy the live product. Our programs start at only \$999.00.
2. If you look at your inventory now and see debt, all that can change. You sell the item before you buy it. No need to have merchandise that doesn't turn. And we make paying easy with 30 days to our credit approved accounts, any major credit card or COD. You will have virtually no payables with this program. Plus sell your case merchandise and pay down your debt. No need to replace stock.
3. Your customer gets a brand new ring, custom made for them. You order the 14kt yellow or white gold ring in the size and type of head; round or princess and we will ship it in a 7 working days or less.
4. Are you getting the turn you want? You are in stock at all times now with our program. You sell your best seller now; it takes 6-8 weeks to get the ring back in the store. You can only sell it 6 to 8 times a year. With our product you can sell the best sellers everyday, all day. We will ship to you within 7 working days, sized (5 - 8 1/2) and with the correct head, when you sell the 14k yellow or white product. **We ship in-stock product overnight.**
5. This program will put you one step up on the internet. Special process samples don't tarnish. Finished with our special "*Arctic 925*" process, your samples have the look and feel of 14kt gold. The customer will see the ring on their hand, not a picture on the computer screen or in a catalog.
6. Product is tagged for your convenience
7. No security issues. Let the customer have **FUN** trying on rings at their leisure without help until needed..
8. No bank interest. If you are working on a line of credit or loan, start to pay your line down as you sell your current inventory down. No need to reorder in categories that the Blueprint for Success program covers.
9. Reduce your insurance cost. The value of your inventory can be significantly reduced. Lower your premium by reducing your inventory value.
10. Work with a true professional. Our consultants work as consultants, not salespeople. There is a no pressure approach. We believe we can truly help your business improve. There is no need to "sell" you this program. You will see it just makes sense. We are all in the same boat. Let's all row together and move forward.
